

## LED Oven Lamps

Oven lamps for Round Cut-outs  $\Phi 35.5\text{mm}$

### Product Features

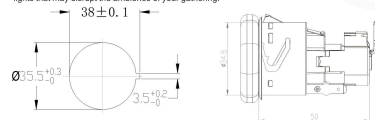

- Possibility to upgrade to a higher energy efficiency class
- Energy saving and environmental protection
- High brightness, quality assurance
- The bulb is small and easy to install
- High temperature resistance

### Specifications

- Rated Voltage: 12~240V
- Power: 1.2W,
- Lamp Holder: Ceramic
- Lens: Sod-lime glass(hard glass) 350°C
- Spherical spray treatment
- Housing: Stainless steel
- Terminal: 250 Male Terminal(6.3\*0.8)

### Application

LED oven lamp illuminate the cooking surface. Advantageous for the evening barbecue, eliminating the need for external lights that may disrupt the ambience of your gathering.
